INSTRUCTIONS FOR CANDIDATES

1. Mark your answer by shading the appropriate circle against each question. The circle should be shaded completely without leaving any space. The correct method of shading is given below.

The Candidate must mark his/her response after careful consideration, as it is not possible to change the response once it is marked.

- The candidate must shade only one circle. If more than one circle is shaded, it will be treated as wrong answer.
- Use the space for rough work given at the beginning of the Question paper only and not on the Answer sheet.
- Valuation of Answer sheet will be done on the computer. Candidate should not make any stray marks on the Answer Sheet, tamper with or mutilate it. Otherwise it will not be evaluated.
- The appropriate Circle should be shaded for Roll No., and Question booklet series applied for etc. This should be done carefully because only the shaded circles are scanned.
- 6. There is no negative marking for wrong answers.**
- Candidates must note that there will be 4 sections in the question paper:
 - Section A (General Awareness) (Question No. 1 – 25)
 - Section B (General Intelligence and Reasoning Ability) (Question No. 26 – 50)
 - Section C (Arithmetical and Numerical Ability) (Question No. 51 – 75)
 - Section D (Test of English Language and Comprehension) (Question No. 76 – 100)
